

Resolve Duplicate TaxID Number (TIN) Request

Please use this form if you received a Duplicate TIN warning during the OneHealthPort registration process. OneHealthPort will contact you after reviewing the form if additional information is needed and for next steps in your registration.

Our records indicate that the TaxID you submitted is already in use by one or more organizations already in the OneHealthPort database. These listings may be earlier registrations of your organization or that of a billing company or parent company that registered for you. OneHealthPort screens for duplicate TIN registrations to minimize multiple entries for the same company. OneHealthPort allows multiple companies to use the same TIN as long as the parent organization agrees to the use by other organizations.

Organization Name: _____

OrgID: _____ (from registration process)

Please check the box that applies:

The TIN that I was registering is owned by my organization.

The TIN that I was registering is owned by a company I work for.

Explanation or comments:
