

Evolut portal access through the OneHealthPort SSO is no longer available effective April 19, 2026.

Premera individual plans are now on Availity Essentials.

To access Premera individual plans you will need to [sign in to Availity](#) or [register with them directly](#).

Key things to know when accessing the portal directly through Availity:

- If you serve individual plan members, Availity will automatically add the new payer space to your account.
- Premera individual plans appear under a different payer name than commercial plans in Availity.
- Select “**INDV Plan – Premera Blue Cross**” in the payer drop-down.

You can get information on checking eligibility, submitting claims, requesting prior authorization, and accessing the secure provider portal on the Premera [website](#).
