<p>“Hospitals: CMS Flexibilities to Fight COVID-19” : <a href="https://www.cms.gov/files/document/covid-hospitals.pdf">https://www.cms.gov/files/document/covid-hospitals.pdf</a></p>			
<p><b>Is SNF care provided in a licensed hospital to COVID patients in non-licensed beds covered and if so, how should they be billed?</b></p>			
<p><b>Follow Common Direction?</b></p>		<p><b>Claims for services to COVID patients where the SNF level care is being delivered to patients in a licensed hospital in non-licensed/uncertified beds should be submitted with the most appropriate bed type that represents the level of care of service. Optionally, condition code DR would be reported in field 18 of the UB form. Coverage is dependent up a patient have a SNF Benefit.</b></p> <p><b>The sponsoring hospital site of service and all policies and procedures would apply.</b></p>	
Aetna	Not Answered		
Amerigroup - DSNP	Yes 04/21/20		
CHPW - Medicare Advantage	Yes 04/28/20	A physician may certify or recertify the need for continued hospitalization if the physician finds that the patient could receive proper treatment in a SNF, but no bed is available in a participating SNF. CHPW will continue to review and approve as inpatient until a SNF placement can be found.	
Cigna	Not Answered		
Coordinated Care - Commercial			
First Choice (TPA and PPO)	Yes 04/27/20	Include Appropriate SNF 'Type of Bill' code"	
HCA – Apple Health	Yes 04/13/20	Hospitals should bill for occupation of these beds as an administrative bed, consistent with current Medicaid FFS and MCO policies.	They need to bill HCA FFS and the MCOS as instructed in the provide guide and the MCOs contract for an admin bed with the DR is great
Medicaid FFS	Yes 04/13/20		
Amerigroup	Yes
